

Practice Questions on Time Complexity

1.)

```
#include<stdio.h>
```

```
int main()
```

```
{  int i;
```

```
    for( int i=1; i<=n; i++)
```

```
    {
```

```
        print("hi");
```

```
    }
```

```
}
```

2.

```
main()
```

```
{  int i=1;
```

```
    while(i<=n)
```

```
{
```

```
    print("Hi");
```

```
    i=i+1
```

```
}
```

```
}
```

3.

```
main()
```

```
{  int i=1;
```

```
    while(i<=n)
```

```
{
```

```
    print("Hi");
```

```
    i=i*2;
```

```
}
```

```
}
```

4.

```
main()
```

```
{  int n;
```

```
    while(n>=1)
```

```
{
```

```
    print("Hi");
```

```
    n=n/2;
```

```
}
```

```
}
```
